SHIDOU HIKARU

UMI RYUUZAKI

FUU HOUOUJI

Eagle Vision

Home:	Autozam
Favorite Thing:	Sweets, Teatime, Naps
Least Favorite Thing:	Nothing in particular

The Commander of the NSX, the battleship that leads Autozam's invasion force. He's Autozam's top Mecha pilot, but off the battlefield he's relaxed and always smiling. He loves tea time (especially tea with sweets!) and taking a nice nap afterwards. His increasing sleepiness caused much concern among his friends. Little did they know that he carried with him a terrible secret...

FTO

Home:	Autozam
-------	---------

Eagle Vision's custom made fighter's Mecha. It emphasizes speed and maneuverability over sheer power, but with Eagle at the controls, it's unstoppable. It has a laser sword built into its right hand, and it can also use Vulcan cannons and beam weapons. The usually calm Eagle becomes another person when he gets inside his FTO. Both the FTO and Geo's GTO are custom Mecha, much more powerful than the standard Autozam units.

Lantis (Cail)

Home: Cephiro

Favorite Thing: Naps

Least Favorite Thing: Sweets

Sol Zagato's younger brother. As Cail, it was Lantis' duty to protect Emeraude, but after seeing the looming tragedy surrounding her and his brother, he left Cephiro to stay in Autozam. He was Guru Clef's most gifted student in the magic arts and is more powerful than even a Dal. His voice is much like his brother's, but their personalities are quite different. A private man, he kept his plans a secret until the very end. He shares a special bond with Eagle Vision of Autozam.

Primera (Dixie)

Home: Cephiro

Favorite Thing: Lantis,
Plug and Gear (foods in Cephiro)

Least Favorite Thing: Anyone who
stands between
her and Lantis

A Dixie who's stood by Lantis' side ever since he rescued her from a monster in the forest. Her magic is limited to healing and amplification, although she only uses it to help Lantis. Although she realizes that he doesn't reciprocate her feelings, Primera dreams of staying with Lantis forever, and she'll pounce on anyone who stands in the way of that dream.

Windom

The Spirit of Wind, he takes the form of a great green bird with four wings. He became Fuu's Mashin after she revived him at the Shrine of Wind. He represents Wind, Knowledge and the Past.

Mokona (true form)

This Creator made not only Cephiro and its neighboring countries, but also Earth itself. He remained with the Mashin in another dimension until he was needed by the Magic Knights. It is said that his true powers are seen only when the jewel on his forehead glows yellow. No matter how eloquently he speaks at the end, it's still hard to take him too seriously as he still looks like a marshmallow!

Rayearth

The Spirit of Fire, his form is that of a red lion with an ivory horn. Hikaru revived him at the Fire Shrine and he fights with her as her Mashin. As with Mokona, his true form was not revealed until the end of the story. He represents Fire, Passion and the future.

Selece

The Spirit of Water, he's shaped like a blue dragon. Umi revived him at the Shrine of Water, and he's been her Mashin ever since. He represents Water, kindness and the Present.

Sang Yung

Home:

Fahren

Favorite Thing:

Lady Aska, Books

Lady Aska's loyal servant, Sang Yung, grew up by her side. He has a chibi-face, but he's actually very smart and studious. His wish is that when Lady Aska becomes Empress, he can be by her side and provide her with counsel. He can't use the illusionary arts of the royal family, but he's well trained in martial arts and archery. He might be holding a crush for Lady Aska, but due to class differences, he knows nothing could ever come of it.

Oiang Ang

Home:

Fahren

Favorite Thing:

Apricot Wine,

Massages

The acting regent, he leads the Fahren government until Lady Aska is old enough to take her seat. A relative of the royal family, he has some magical abilities. He sees great potential in Lady Aska, and his unforgiving regimen of study and discipline is his way of showing that he cares. Lady Aska calls him a "preachy old man," but he doesn't mind putting up with her abuse. He hopes that when he's gone, Sang Yung will continue to guide Aska.

Rahkun and Rashid

Home:

Chizeta

The guardian Djinn that protect Chizeta's princesses. They have kept Chizeta's royal family safe for generations. Rahkun protects Tarta and Rashid protects Tatra. They may look alike, but their personalities are different. Since they are spirits, they can change shape at will, but they usually maintain the appearance of Djinn.

Lady Aska

Home:

Fahren

Favorite Thing:

Sweets (especially peach-flavored ones),
Mischief, Sang Ung

Still a child, Lady Aska is in training to become Fahren's next Empress. Being the heir to the throne, as well as an orphan, she's grown up spoiled and acts a little selfish, but she has a good heart. Her reasons for coming to Cephiro are purely selfish. She wishes to rule a land where all her dreams come true. Her favorite companion and friend is Sang Ung, the child of her former nanny. She is required to keep her tutor, Oiang Ang, with her at all times, but that doesn't mean she has to listen to him. The illusionary spells she uses were passed down her family line for generations.

Tarta

Home:

Chizeta

Favorite Thing:

Parents,
Martial Arts, Tatra

The younger of Chizeta's two princesses, Tarta comes off as stubborn and stern, but she's honest and kind at heart. She is concerned about her country's small size and seeks to annex Cephro in order to please her parents. Her parents don't mind their nation's size, and would rather their people had peace and happiness. She practices her martial arts daily, and strives to be a better leader, but sadly her older sister always gets the final word.

Tatra

Home:

Chizeta

Favorite Thing:

Tarta, Tea

The older of Cephro's two princesses, Tatra comes off as ditzy and overly happy, but she hides a somber, serious side. Her knowledge and combat skills are the greatest in Chizeta. She's fond of having tea at the most inopportune times. Tatra seems to get a kick out of inciting her sister's frustrations.

Geo Metro

Home: Autozam
Favorite Thing: Sweets, Anything
tasty, Cooking
Least Favorite Thing: Alcohol

Second in command of the NSX, Geo is an excellent fighter. He's a true friend to Eagle, always watching out for him, especially when Eagle doesn't watch out for himself. He's also friends with Lantis, so Eagle's decision to invade caused Geo great distress. Despite his rougher exterior, he has a sweet tooth and isn't fond of alcohol. He gets along well with the much younger Zazu.

Zazu Torque

Home: Autozam
Favorite Thing: FTO, Alcohol
Least Favorite Thing: People who
trash his Mecha

Even though he's the youngest member of the NSX crew, Zazu is the top mechanic. His skills have pulled his crewmates out of numerous jams, as Zazu can fix just about anything. He signed on for this mission so that he could stay close to his favorite Mecha = Geo's FTO. He loves an occasional drink and will take whatever he can get! Ladies, take note! He's currently on the lookout for a girlfriend.
